

FAITH WITNESS

Florita B. Vitangcol

Purihin ang Diyos magpakailanman!

How time flies! How things develop fast! We are now halfway through the year. In a blink of an eye, there's the National Convention again. But aren't we just done with the Marketing Conference? Oh yes – with its venue at the beautiful Puerto Princesa, Palawan and participated in by over 400 qualified sales people who enjoyed the visit to nature in the exotic Palawan.

God is truly good to us. He continues to lead and protect us. We enjoy the guidance as He leads us on. Gratitude is in the lips of everyone!

Palawan Experience is not the first time for me. I enjoyed both trips because the people – St. Peterians – who were there were the deserving ones. They were there because they worked hard, met the quota and received the reward given by the Company and enjoyed the experience together with the other performers.

Sana laging ganito, maraming salamat, Lord!

And may St. Peter continuously grow. This is one greatly appreciated growth both in number of sales and number of mortuaries all over the country. Praise God for the untiring efforts of our leaders in continuous innovations and improvements. Praise God for the trust we continue to earn from our planholders.

And we will not stop innovating, causing changes to happen. We will not refuse changes. We shall welcome new beginnings. We shall welcome new starts.

For the VISION producers now under the able leadership of the indefatigable Dra. Mildred Vitangcol, I say God bless you more and give you more wisdom that you may share more with us. Many people are learning from you, listening to you or just discovering how you put passion in your work. God bless you even more as you continue to push and motivate people for their own benefit, growth and achievement.

St. Peter, tunay, Kahit Saan, Kahit Kailan, Maaasahan!
