

# DEAR GOD...

## Department Prayer

### ***- Lord help me, please speak through me.***

-You are God.

May this truth be planted in our spirit. We are so grateful that we know You.

You have blessed us greatly, and we are thankful for your goodness towards us as king Solomon said, "The fear of God is the start of wisdom."

In our increasingly dangerous world, thinking of what we have to fear: terrorist threats, increasing crime rates, natural disasters, world financial crises... we try to avoid life's fearful things because they interrupt our peace...yet we are told to move toward fear -the fear of God. To fear God is to sense his awesomeness. We acknowledge oh God your greatness and we trust You. We no longer want to sin against You. You are our refuge from the fears of this world. In You oh God, we find peace.

Lord we are grateful of the promise of Your presence in our lives, and also the promise of heaven to come.  
We love you Lord!

-Sorry Lord for the times we feel sad or bad. Most of the time, we do not see the blessings you give us because it is not packaged the way we wanted it to be. We should learn that if we accept Your blessings, we, as well, should accept trials, for in the end there always is a lesson learned that will benefit us.

### ***-The prodigal sons that we are, we are sorry Lord***

-Sorry Lord that we went astray, sorry Lord when we are the brother who cannot forgive. Teach us and help us to become more like the father whose only objective is to have unity, harmony ... Love.

-Sorry Lord for the character flaws in my life. I am easily angered, full of doubts, judging; I speak unkind words and I am oftentimes not trusting and unforgiving.

May you touch our hearts and help us follow your Word.

God, Thank you for the gift of this day. This  
MAY 2009 JUNE

is the day that You have made, we will rejoice and be glad in it. Thank you Lord that your grace and mercy are new every morning. We pray oh Lord that everything we do today shall be for Your glory.

### ***-Thank you lord for our company.***

May we fulfill our Vision and Mission and spread the Values that can help develop not only us but also others.

Thank you lord for our nation. Help us to be the righteous influence to those around us, affecting this society for good, because change begins in us.

Thank you lord for our family, the Joy of our lives; continuously bless and protect them, oh Lord. Thank you for your guidance in everything we do.

Thank you Lord for the days that are sunny and also rainy. It may be hot, it may be cold or even wet; there always is a reason for the season and it is for our own good. Thank you for the wisdom, guidance and protection each day. It truly is exciting to walk in your ways. We do appreciate the unexpected blessings You bring us each day.

Thank you for the wonderful people you brought in our lives - family, friends, co-employees. Thank you for the leaders you have given us, may it be our parents, brothers, friends, bosses. May we, one day, be good leaders like them.

Thank you Lord that You are an all-seeing and all-hearing God. We know that You are watching over us at all times, hearing every word and prayer that we say. Thank You for being concerned even about the little things that concern us.

Thank You for being there always oh Lord no matter what we face. We can honestly say that You have never failed us, even in our most intense trials. We have not always understood why we go through those things but we don't have to understand because You are God and always in control. We know that all that You require us to do is to trust You. You will come and save us. We have failed You Lord by our doubts and unbelief at

times, but You have never failed us. Help us to trust You more.

-May we all learn to teach oh Lord, give us the desire to serve You and to serve others. Knowing that we are in God's heart, we can be proud of ourselves, proud of our family, proud of our company, proud of our community, proud of our country.

-Help us to speak good things that bring life to us and others. Encourage those who are weary; give faith to those who are losing hope. Please grant strength to the weak and health to the sick.

-May we have true spiritual vision. We have questions about what You are doing in our lives, help us to continue to trust You and to seek refuge through prayers and Your word.

-May we be committed Christians ... standing to what we believe in but also kind to those with whom we disagree. Teach us to be gentle, patient and humble. In conflict and reconciliation, our response should reflect the gracious heart of a true soldier of Christ.

-Help us oh Lord to continuously give hope, encouragement, faith, love, prayers and a smile. Help us to be a blessing to others.

-Help us oh Lord to overcome hatred with love and foolishness with wisdom.

-Lord bless and protect us and our families. Keep us from the evil one, bless and protect our friends, our leaders and our company.

### ***-Lord help us to do a good job at each task given us, may all the works of our hands glorify You.***

-Lord continue to do Your work in our hearts as we want to become more like You.

-God's children should reflect their Father's likeness. in Jesus name we pray.
